## Race Overview

National Forest has the only established speed, but five debut runners create uncertainty. Frosty Jack offers the most interesting untested alternative.

Steve's note: National Forest has the only proven E6 profile; five debutants can alter pressure. Frosty Jack is the preferred debut alternative, with no measured physical score.

## Race Overview

Hey Miss Olivia is the late-running alternative to Sutura. Steve keeps the race HONEST; the separate AI analysis anticipates more early pressure.

Steve's note: Hey Miss Olivia offers the independent late-running alternative to Sutura. The source AI uses provisional FE; frozen PASS 1 uses HONEST. Retain that distinction when reassessing the live price.

## Race Overview

A La Vie brings race experience against several first-time starters. The scratch of #4 leaves an unpredictable opening pace.

Steve's note: Sing the Blues (#4) is scratched. A La Vie supplies dirt experience; Peppermint Quill remains B; #9/#5 remain X. The prior win order and price watch are retained; no replacement is inserted for scratched #4. Newcomer pace and break behavior keep this a low-confidence race.

## Race Overview

Mighty Nora enters off two sprint victories, but a mile is a new test. The Grumpy Rabbit returns from a long layoff despite established stakes ability.

Steve's note: Mighty Nora brings current sprint wins to her first route. The Grumpy Rabbit has stakes class but returns after 376 days; Steve now assigns her B; Mighty Nora becomes A and Just Singing B. My Steel Magnolia and Just Singing are the measured model leaders; Steve now assigns #4 B.

## Race Overview

Paradise Street and Ironclad are Steve's strongest classified contenders. Lexi V. is an independent AI value target but remains an effective X in PASS 1.

Steve's note: Ironclad has fast turf pace and can face other speed. Lexi V. and Paradise Street receive collapse-fit factors. Steve now assigns Altadena B and Lexi V. X. Dollar ranks remain #5 first, #7 second and #4 third; the approved pair #7/#4 is unchanged.

## Race Overview

Can't Stop Willis has the best measured recent finishing profile. Crazy Diamond may control the pace; newcomer Wytheville adds uncertainty.

Steve's note: R6 #4 is first start since reported gelding, not scratched; no score bonus. Can't Stop Willis has the strongest measured finishing profile. Steve retains Crazy Diamond B and Wytheville C; Jems Hershey Kiss is now X$ because the approved dollar flag is independent. A soft trip for the only established E type remains a risk to the closers.

## Race Overview

Doroteo is Steve's leading contender, but recent form raises questions. A contested lead could make the race less predictable.

Steve's note: R7 #7 is first start since reported gelding, not scratched; no score bonus. The independent AI prefers the class-dropping sprint-to-route runners, while the measured route model prefers Storm the Streets. Steve makes Doroteo A, Justifreak B, Storm the Streets/Captain Mercury C and Big Rog X. Four route profiles remain unmeasured.

## Race Overview

McKinzie's Glory holds Steve's A grade; Vinno Ronnie remains an independent value play at sufficient odds. This is a wide-open field with uneven recent form.

Steve's note: Steve retains McKinzie's Glory as A despite missing qualifying dirt-sprint inputs. Click and Extreme Dream retain model A evidence but are now effective B. Vinno Ronnie is now C and remains the independent value target; poor recent form across the field calls for restraint.
